

Just Walk Across the Room - Book review

Written by Bill Hybels who encourages us to step out of our 'circle of comfort' and into encounters with people who long for someone to take an interest in them and need to hear and see God's love reaching out to them.

This book is full of exciting examples of simple conversations that, under the leading of the Holy Spirit, made an eternal difference to people's lives.

In Bill Hybel's words – " Life's great moments evolve from simple acts of cooperation with God's mysterious promptings...The adventure of collaborating with God involves bestowing the greatest gift a person can receive – the gift of amazing grace - on undeserving (and often unsuspecting) people like you and me."

We all need to read this book and be challenged to walk with God into situations, He's already set up, and boldly follow the Spirit's promptings to reach out to people.

This is the spiritual adventure I've always wanted! It's given me confidence to approach people and trust God to lead me into purposeful conversations.
