

## Valiant Help

This is a ministry of the GBC Valiant Men's committee designed to provide assistance to men who are physically or financially unable to carry out necessary repairs or occasional maintenance jobs which would not otherwise get done. It is a way to provide help and support to those men who need it at a time when they cannot cope with the work on their own.

If you would like to make yourself personally available to help those in need but feel you don't have the skills necessary it is your availability and not necessarily your ability we need. If you do have specialized skills, e.g. Electrician, plumber, carpenter, computer, etc, please also contact Paul Carter who will take your particular information and put it onto a private register to be used only for this specific purpose and no other church activities. This is not a commitment in any form but enables us to contact you to see if you are available to assist or advise at the time.

If you would like to help but do not have the time but do have access to specialized equipment, e.g. trailer, post hole diggers, spray gun, etc, please also make that information available to Paul for future reference.

If you are in need of assistance or know of someone else who is, please contact [Paul Carter](#) to arrange.
